

lifeskills GO

Release Guide: Version 6.1.0
12th July 2022

lifeskills GO

Our Vision:

Every child has access to an effective, measurable and affordable social, emotional and physical education.

Our Mission:

To globally empower educators to prioritise, support and measure the development of social, emotional and physical literacy for our next generation of leaders.

We are pleased to announce the release of **Life Skills GO** Version v6.1.0, which reflects our continuing commitment to meet the evolving needs of our Schools, Teachers and Students.

This release includes major improvements to the School Admin section and Emotion Check-in.

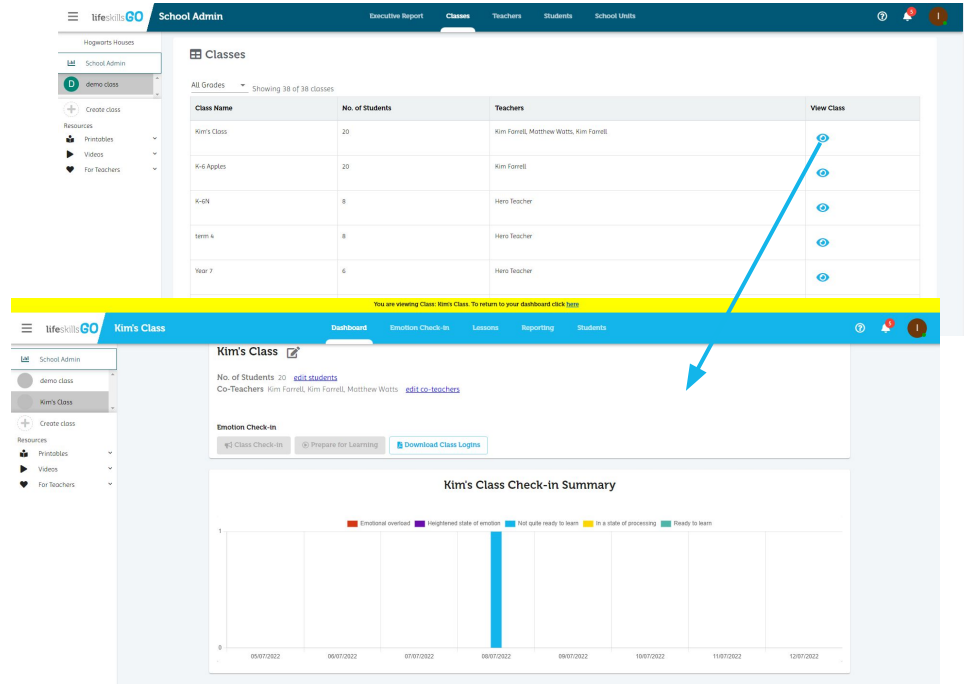

We strongly encourage your feedback so please always feel free to contact us at support@lifeskillsgroup.com.au with improvement suggestions or ideas.

School Admin - Classes Management

After receiving feedback from School Administrators, we have added a new 'Classes' page in School Admin section. It lists all the active classes in the school along with number of students and co-teachers of respective classes.

School Admins can also click on the eye icon to view the class. The administrators can add co-teachers and students to the class they are viewing.

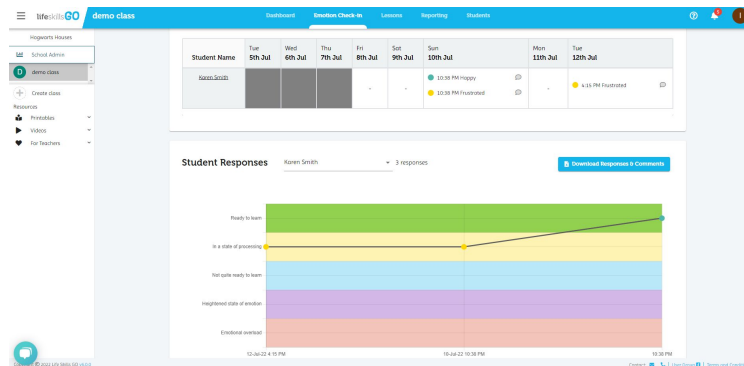

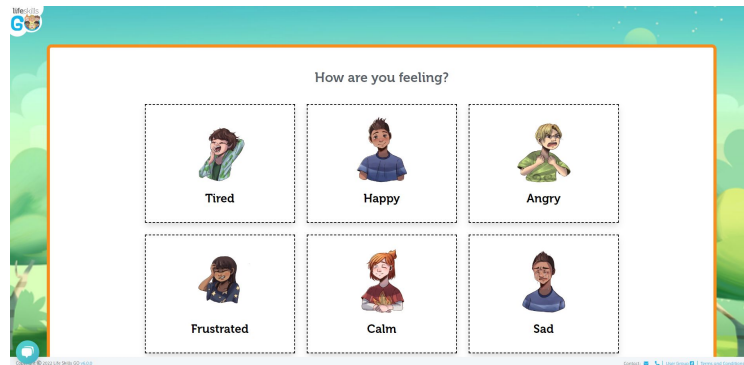

Emotion Check-in

Upon receiving feedback from the educators, we have made some updates to the Emotion Check-in.

The coloured backgrounds from the Learning Support Emotion Check-in has been removed to allow for greater flexibility when teaching emotional literacy to students and to make it easier for educators to transition between different frameworks.

Additionally, the emotion 'Frustrated' has been moved from the zone 'Emotional Overload' to 'In a state of processing'.

Platform Updates

Structural updates are part of an ongoing process to help us provide you with a platform that is stable and secure. We routinely update our systems and processes to do the same so that our customers get the best service possible.

We look forward to continuing the journey with you, in providing all children with the essential social and emotional skills and mental wellbeing to thrive in life.
